RESOLUTION 92-04-S
LIMIT FRESHMAN PARKING ON CAMPUS
INTRODUCED: 03-24-92

- PURPOSE: To temporarily limit freshmen from parking in certain areas on campus.
- WHEREAS: Parking is one of the largest problems facing students, faculty, and staff at Western Kentucky University;
- WHEREAS: At the present time, the university has little money to create or buy more parking spaces;
- WHEREAS: So far this school year, there have been over 6,600 parking permits sold by the Department of Public Safety;
- WHEREAS: There are, at most, 5,200 parking spaces on campus;
- WHEREAS: These 5,200 parking spaces assume that all of the spaces in the parking structure and by the Preston Health and Activity Center are in use;
- WHEREAS: Most prospective students do not choose what college they will attend by where they can park;
- WHEREAS: With only 70% of freshmen returning for their sophomore year, better parking for non-freshmen might seem like a little reward for the nonfreshman's hard work and diligence; and
- WHEREAS: With a great deal of success, Transylvania University, Centre College, and the University of Kentucky limit freshmen to parking in certain areas on their campuses;
- THEREFORE: We, as representatives of the student body, do hereby request temporarily limiting freshmen from parking in the parking structure, in the Chestnut Street Parking Lot, in the parking lot between Poland Hall and Barnes-Campbell Hall, and in front of Keen Hall.
